

Company

Foundation:	1980
Employees:	130
Turnover 2019:	19,6 Mio. €
Local offices:	Austria, Italy

Product Range

Deceleration Technology

- Industrial Shock Absorbers M4 – M115
- Heavy-Duty Shock Absorbers
- Elasto-Fluid Shock Absorbers
- Shock Absorbers for Elevators
- Speed Controls
- Deceleration Cylinders
- Rotary Dampers
- Pallet Stoppers
- Anti-Bounce Stoppers
- Positioning Cylinders
- Gas Springs

Vibration Isolation

- Air Springs
- Elastomer Springs
- Crane Buffers
- Overrun Buffers for Elevators
- Metal Cushions

Benefits

- Extensive range of hydraulic shock absorbers
- Inhouse CNC manufacturing
- Flexible delivery times
- Fast delivery service for modifications and specials
- Mega-Line industrial shock absorbers: up to 400% more energy absorption compared to the competition leading to 50% reduction of costs

Quality

- Latest CNC technology
- Automatic tolerance test
- Extensive manual interim and final inspections
- Quality control assembling
- Final check on computer-controlled test equipment
- 100-Stroke test for every product
- Laser inscription (Coded shipping date for tracing)
- DIN ISO 9001:2015 (1994)
- Certificate of EC-Type Examination for Lifts EN-81-20:2014 and ASME A17.1-2004
